

User Guide DesInk

Aditya Sharma (2022038), Vansh Aggarwal (2022558)

Introduction

This guide is designed to help you navigate and make the most out of our application, whether you're a customer looking to shop for products, a designer seeking to showcase your creations, or an admin managing the platform.

Whether you're browsing through a curated collection of products, creating unique designs, or managing the platform's operations, DesInk offers a user-friendly interface and robust features to meet your needs.

Let's get started and explore all that DesInk has to offer!

Frontend Development

The frontend development of the application has been completed within the timeframe of Deadline-6, the final deadline for the project. The database is currently hosted locally, and the webpage is solely hosted on a development server.

Flow of website
